Škofja Loka, 22. 12. 2021

NEWSLETTER # 0

Dear friends!

The second unpleasant year is passing and we are looking forward to the new, better one.

We expect that in the year 2022 we'll finally organize the General meeting of DOUZELAGE in Škofja Loka. Next year is full of expectations that Corona virus will slow down and the normal life will return.

We can help to reach this also with two interesting events of the Project *"Juniors for seniors – active aging"* for all members of Douzelage.

End of April, 21th to 23rd in Bad Kotzting will be event for the Mayors with very interesting topic: *"Accomodation for young families and seniors".*

At the end of August, 25th to 28th, we will held the General meeting of Douzelage and the final event of the Project in Škofja Loka.

On Friday the 26th of August afternoon will be common session of all delegates and Ambassadors from participating EU countries.

You will receive the the instructions about events in next Newsletters with the details about, what we should prepare for the meetings workshops.

We wish you a Merry Christmas and healthy, happy and full of solidarity in 2022.

mag. Miha Ješe
